SUBJECT: GMAIC Report on Re-entry Phase, Soviet Pacific
Tests, January 1960

1. We are circulating the attached GMAIC report, prepared pursuant to Board direction (USIB-M-85, item 8), for review. In view of the nature of the conclusions and recommendation of GMAIC, we do not propose to ask the Board to discuss this at a formal meeting, unless requested to do so by a Board member.

2. However, GMAIC has recommended that the Board "note" this paper. Accordingly, unless, before close of business on 7 July, a Board member objects or asks that this report be discussed at a Board meeting, we will consider that the Board has "noted" this paper as of that date.
